Rubberized Emulsion Foundation Coating
Polymer-Modified Asphalt Emulsion For Superior Waterproofing

- Seals Out Water & Moisture
- Advanced Elastomeric Formula Bridges Hairline Cracks in Concrete
- Easy to Apply
- Soap & Water Cleanup
- Zero Voc Water-Based Formula

Description
An elastomeric polymer modified asphalt emulsion designed for coating concrete foundations. Protects concrete foundations from moisture and water intrusion. Dries black.

Uses
- Waterproofing Exterior Concrete
- Basement Walls
- Poured Concrete Walls
- Polystyrene/Styrofoam Insulation Board
- Wood, Foam & More

Surface Preparation
For best results, surface shall be clean, dry and free of any dirt or contaminants.

Application
Stir before and during use. Apply using either a brush, roller, or airless spray unit (suggested tip size .021 to .025). Apply material at a rate of 150 square feet per 4.75 gallon pail. Allow material to dry and cure for 24 hours prior to application of foam or drainage boards or backfilling.

Drying Time
Allow 24 hours depending on weather conditions.

Clean Up
While wet, use soap and water.

Weather Conditions
- Application temperature must be a minimum of 60°F and rising. Do not apply when temperature is expected to drop below 50°F within a 24-hour period.
- In areas where dew or fog accumulates in the early evening, it is best to coat in the morning. Stop coating by early afternoon (3:00 pm) to prevent wash off, which will occur if dew, fog, or rain arrives before coating dries.
- Do not apply if rain is imminent or forecast within 24 hours of application.

Coverage (Approximate)
- Approximately 150 square feet per 4.75 gallon pail at 60 mils thickness.

Precautions
- Do Not Heat or Thin
- Do Not Freeze
- Do Not Store at Temperatures Below 50°F

Safety And Environmental Precautions

- Refer to Material Safety Data Sheet Before Using
- For Exterior Application Only
- Close Container When Not in Use
- Environmental Information is on the Material Safety Data Sheet
- Do Not Reuse Empty Container
- Volatile Organic Content (VOC) is 0 gm/liter max
- KEEP OUT OF REACH OF CHILDREN
